### Free Shipping & Fast Delivery

Any order over \$200 receives free shipping. All of your orders placed before 5pm local time will be shipped the same day from our East Coast or West Coast warehouse. We serve the majority of the USA with 1-Day or 2-Day delivery.

### 30 Day Money Back Guarantee

Order with confidence as you are backed by industry leading guarantees on all orders. We are proud to hold a 5-star review on all major platforms and have shipped 10,000,000+ packages to satisfied customers.

### Products the Way You Want

Each product is carefully developed to provide you with the best possible combination of quality, design and value. We analyze even the smallest detail to ensure you always get the most out of every purchase.

Over 50,000 Five Star Reviews!

# The Coretech 631 LSO Lumbar Brace

Features an elongated rigid back panel that covers up to the T-9 vertebra to enhance current therapies and promote natural healing following surgery.

## coretech

### REMOVABLE PULLEY SYSTEM

Featuring wide pull tabs, the brace utilizes a secure pulley system for customizable compression and support.

### RIGID BACK PANEL

Includes an elongated rigid back panel for exceptional lumbar support.

### ADJUSTABLE WAIST STRAPS

Easily adjust the side panels of the brace to fit waist sizes ranging from 25" to 50".

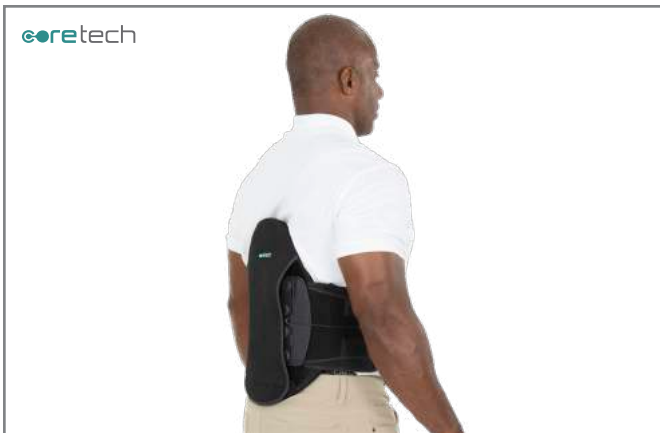

# CORETECH BRACING

## GIVE YOUR PATIENTS THE BEST IN ORTHOPEDIC BRACING

Professionally designed to provide the ultimate combination of comfort and support. Your patients and fitters will be provided with complete instructions on how to use and apply the braces for increased patient satisfaction. Vive Health also provides 1-on-1 customer support in the case that more personal assistance is required.

All Coretech braces are HCPCS / PDAC approved. An essentials collection, including only the most popular orthopedic supports. Coretech is a trusted brand for leading orthopedic surgeons, podiatrists, hospitals and more.

**631 LUMBAR BRACE**

BY CORETECH

SUP2025  
HCPCS: L0631 / L0648

- Featuring wide pull tabs, the brace utilizes a secure pulley system for customizable compression and support.
- Includes an elongated rigid back panel for exceptional lumbar support.
- Easily adjust the side panels of the brace to fit waist sizes ranging from 25" to 50".

SIZE: UNIVERSAL FIT 25IN.- 50IN.

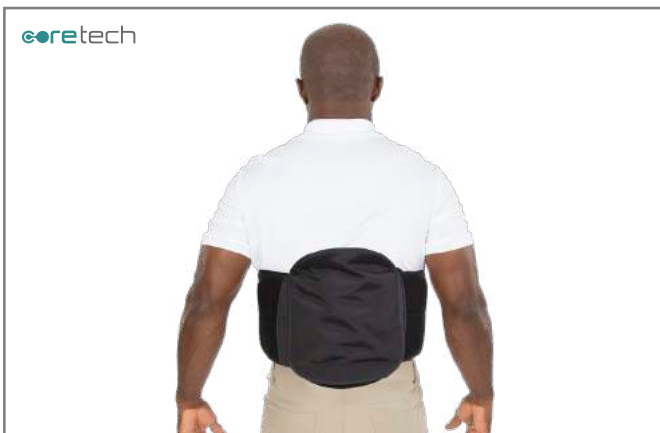

**637 LUMBAR BRACE**

BY CORETECH

SUP2026  
HCPCS: L0637 / L0650

- Features a secure pulley system for customizable compression.
- Includes a rigid back panel and anterior supports for exceptional lumbar support and trunk stability.
- Easily adjust the fit of the brace with the removable side panels.

SIZE: UNIVERSAL FIT 25IN.- 50IN.

**626 LUMBAR BRACE**

BY CORETECH

SUP2031  
HCPCS: L0626 / L0641

- Providing exceptional support, the lumbar brace includes wide, easy pull tabs to customize the level of compression.
- Includes rigid back panels and anterior supports for optimal lumbar support and trunk stability.
- Easily adjust the side panels for a comfortable fit for most adults.

SIZE: UNIVERSAL FIT 25IN.- 68IN.

**627 LUMBAR BRACE**

BY CORETECH

SUP2048  
HCPCS: L0627 / L0642

- Features a secure pulley system for customizable compression.
- Includes a rigid back panel and anterior supports for exceptional lumbar support and trunk stability.
- Easily adjust the fit of the brace with the removable side panels.

SIZE: UNIVERSAL FIT 25IN.- 68IN.

### 456 TLSO

BY CORETECH

SUP2054

HCPCS: L0456 / L0457

- Rigid support for the thoracic and lumbar spine provides greater trunk stability to relieve pain and discomfort.
- Lined with a soft breathable material for greater comfort. Featuring wide pull tabs, the back brace utilizes a secure pulley system for customizable compression and support.

SIZE: UNIVERSAL FIT 25IN.- 68IN.

### 8" LUMBAR BELT EXTENDER

BY CORETECH

SUP2055

- Universal design for effectively extending all coretech lumbar braces.
- Provides up to 8" of added length to the waist for a customizable fit.
- Strong fastener material easily attaches to the existing brace.
- Lightly padded, the extender is soft and breathable for maximum comfort.

USE TO EXTEND 8" LENGTH ON 626, 637, 631, 627, 456 TLSO LUMBAR BACK BRACES

### 621 SI BELT

BY CORETECH

SUP2057

HCPCS: L0621 / L0622

- Helps stabilize and reinforce the SI joint during daily activities.
- Attached pulley system allows you to adjust the compression levels as needed.
- Designed to make all day use more enjoyable.
- Thin, breathable belt material conforms to your body while preventing moisture build up.

SIZE: UNIVERSAL FIT 38IN.- 52IN.

### 360 EXO WALKER SHORT

BY CORETECH

SUP2033  
HCPCS: L4360/L4361

- Easily inflate and adjust the walker boot liner for optimal compression support and greater comfort.
- Non-marking, the textured rocker sole provides greater traction and promotes a natural gait.
- The walker boot includes a shin and toe guard for additional support and protection.
- The exterior walker boot is constructed with a durable composite material that is lightweight for easier mobility.

SIZING CHART ON PAGES 14 - 15

### 360 EXO WALKER TALL

BY CORETECH

SUP2032  
HCPCS: L4360/L4361

- Easily inflate and adjust the walker boot liner for optimal compression support and greater comfort.
- Non-marking, the textured rocker sole provides greater traction and promotes a natural gait.
- The walker boot includes a shin and toe guard for additional support and protection.
- The exterior walker boot is constructed with a durable composite material that is lightweight for easier mobility.

SIZING CHART ON PAGES 14 - 15

**360 WALKER SHORT**

BY CORETECH

SUP2029

HCPCS: L4360 / L4361

- Easily inflate and adjust the walker boot liner for optimal compression support and greater comfort.
- Non marking, the textured, non slip rocker sole promotes a natural gait.
- The outer shell is made out of flexible plastic, it is durable and has holes around for breathability
- Constructed with a durable composite material that is lightweight for easier mobility.

SIZING CHART ON PAGES 14 - 15

**360 WALKER TALL**

BY CORETECH

SUP2028

HCPCS: L4360 / L4361

- Easily inflate and adjust the walker boot liner for optimal compression support and greater comfort.
- Non marking, the textured, non slip rocker sole promotes a natural gait.
- The outer shell is made out of flexible plastic, it is durable and has holes around for breathability
- Constructed with a durable composite material that is lightweight for easier mobility.

SIZING CHART ON PAGES 14 - 15

**386 WALKER SHORT**

BY CORETECH

SUP2035

HCPCS: L4386/L4387

- Non-marking, the textured rocker sole promotes a natural gait.
- Constructed with a durable composite material that is exceptionally lightweight for easier mobility.
- Removable for easy cleaning, the walking boot liner is generously padded for greater comfort.

SIZING CHART ON PAGES 14 - 15

**386 WALKER TALL**

BY CORETECH

SUP2034

HCPCS: L4386/L4387

- Non-marking, the textured rocker sole promotes a natural gait.
- Constructed with a durable composite material that is exceptionally lightweight for easier mobility.
- Removable for easy cleaning, the walking boot liner is generously padded for greater comfort.

SIZING CHART ON PAGES 14 - 15

**930 AFO**

BY CORETECH

SUP2036/SUP2037  
HCPCS: L1930

- Lightweight ankle foot orthosis brace provides static dorsiflexion and lateral support for ankle instability and foot drop caused by a variety of conditions.
- Rigid sole plate may be trimmed with standard household scissors for a personalized fit.

SIZING CHART ON PAGES 14 - 15

**350 ANKLE AIR SPLINT**

BY CORETECH

SUP2043  
HCPCS: L4350

- Designed to provide stabilizing support for ankle sprains, injury, and instability.
- Inflatable side panels stabilize the ankle and increase circulation with therapeutic compression.
- Includes a small hand pump to adjust the pre-inflated side air panels.

SIZING CHART ON PAGES 14 - 15

**906 MOTION ANKLE**

BY CORETECH

SUP2044  
HCPCS: L1906

- Hinged for greater mobility, the motion ankle support stabilizes the ankle to prevent re-injury and promote natural healing.
- Featuring a low, neutral arch and an open heel, the motion ankle base fits in most athletic and casual shoes.

SIZING CHART ON PAGES 14 - 15

**396 DORSAL NIGHT SPLINT**

BY CORETECH

SUP2045/SUP2046  
HCPCS: L4398

- Gently stretches and properly positions the foot and ankle throughout the night to relieve pain due to plantar fasciitis, soft tissue damage, arthritis and foot drop.
- Featuring an open toe and heel, the low profile splint is comfortable for side, stomach or back sleepers.

SIZING CHART ON PAGES 14 - 15

**908 WRIST SPLINT**

BY CORETECH

SUP2038/SUP2039  
HCPCS: L3908 / L3906

- Two flexible splints, adjustable support.
- Removable for greater flexibility when needed, the wrist brace includes one rigid aluminum splint to immobilize the wrist.
- Secure fastener straps are easily adjustable for a personalized fit.

SIZING CHART ON PAGES 14 - 15

**807 THUMB SPLINT**

BY CORETECH

SUP2040/SUP2041  
HCPCS: L3807 / L3809

- Limiting movement of the thumb, the thumb brace includes one rigid splint that is removable when more flexibility is needed.
- Each strap is easily adjustable for a personalized fit.
- Flexible side splints, adjustable fit.

SIZING CHART ON PAGES 14 - 15

**843 OA KNEE BRACE**

BY CORETECH

SUP2027

HCPCS: L1843 / L1851

- Offloading knee support reduces pressure on the knee, relieving pain from osteoarthritis, sports injuries, and more.
- The OA knee brace includes twelve hinge clips to control the range of motion for optimal support and relief.
- Lightly padded brace includes silicone grip lines for a secure, non-slip fit.
- Each adjustable strap is secured with a quick-release buckle for ease of use.

VARIATIONS: RIGHT & LEFT

**833 KNEE BRACE**

BY CORETECH

SUP2062

HCPCS: L1833 / L1832

- Designed with internal silicone bands to prevent slipping and shifting during normal activity.
- Dual hinge design with extension and flexion pins for easy on-the-go adjustments.
- Integrated easy clip-on buckles and trimmable straps for the perfect fit.

SIZES: S-L

**830 TRI-PANEL KNEE  
IMMOBILIZER**

BY CORETECH

SUP2047

HCPCS: L3960

- Adjustable panel design comfortably accommodates most thigh and calf sizes.
- Includes four aluminum stays for complete immobilization of the knee.

SIZES: 12"/14"/16"/18"/20"/22"/24"

**960 ARM SLING**

BY CORETECH

SUP2042

HCPCS: L3960 / L3670

- Easily adjust the rotation and position of the arm abduction base for optimal support.
- Designed to provide a comfortable, personalized fit to prevent anterior migration.
- Reversible, the Coretech arm sling length can be adjusted to ensure a proper fit.

**180 CERVICAL COLLAR**

BY CORETECH

SUP2049

HCPCS: L0180

- A rigid composite exterior provides added support to relieve pain associated with sprains, strains, & whiplash.
- Lightly padding the brace, the interior lining is made with a comfortably soft terry cloth.
- Easily adjust the cervical brace to fit neck circumference between 13" to 19".

# BRACING & SUPPORTS

## GET WHERE YOU WANT TO GO

Getting back to 100% is a process. Our braces and supports are designed to take you all the way from post surgery to back in action. A progressive range of options for each body part provides a complete selection for all major and minor injuries. Browsing the collection you will find everything from mild woven supports to rigid ROM bracing.

All of our supports are constructed from premium material to provide a comfortable all-day wear. Thoughtfully designed to maximize fitting range to accommodate you through swelling and recovery. Our hot and cold bracing is integrated with Arctic Flex ice packs, which have quickly become the industry leader in hot and cold therapy.

### HINGED KNEE BRACE

BY VIVE

SUP1046  
HCPCS: L1812

- Compression support for knee tendons, joints, and muscles.
- Open patella design.
- Removable lateral support hinges.
- Lightweight neoprene.
- Adjustable and strong anti-slip fasteners.

COLORS:   

### ROM KNEE BRACE

BY VIVE

SUP1088  
HCPCS: L1852 / L1845 / L1832

- Comprehensive hinged knee support.
- Great for rehabilitation and injury recovery.
- Locking range of motion dials.
- Reversible and fully adjustable design.
- The brace extends from 17" to 27" in length.
- Lightweight aluminum alloy construction.

### KNEE BRACE

BY VIVE

SUP2021

- Support for injury recovery and prevention.
- Reduces pain, swelling, and knee instability.
- Adjustable compression for universal fit.
- Open patella design for full range of motion.
- Lightweight and breathable.

**ITB STRAP**

BY VIVE

SUP1045  
HCPCS: A4467

- Knee stabilizing IT band compression.
- Reduces painful friction and rubbing at the knee.
- Gel pad for targeted relief.
- Adjustable nonslip fasteners.
- Breathable neoprene blend.

**KNIT KNEE SLEEVES**

BY VIVE

SUP1013 / SUP1079

- Flexible compression support.
- Targets arthritis, tendonitis, strains and sprains.
- Reduces swelling and inflammation.
- Pair of machine washable supports.

SIZES: S-L

COLORS:

**PATELLA STRAPS**

BY VIVE

SUP1082  
HCPCS: A4467

- Stabilizing support for ligaments & tendons.
- Firm foam padding for targeted compression.
- Non-slip, breathable neoprene blend.
- Dual strap adjustments up to 18".
- Includes one pair of straps.

COLORS:

**KNEE BRACE WITH STAYS**

BY VIVE

- Specifications: Weight 77 lbs, 2.6' turning radius, 3.7 mph top speed, (2)12AH battery, 12.4 miles per charge.
- Easy to navigate 3-wheeled scooter.
- Simple to assemble/disassemble for travel.
- Comfortable swivel seat is height adjustable.
- Variable speed settings for safe indoor/outdoor use.

COLORS:   

### 4-WHEEL MOBILITY SCOOTER

BY VIVE

MOB1027

- Specifications: Weight 88.2 lbs, 4.3' turning radius, 3.7 mph top speed, (2)12AH battery, 12.4 miles per charge.
- Stable, 4-wheeled mobility scooter.
- Easy to assemble/disassemble for travel.
- Variable speed settings for safe indoor/outdoor use.
- Long-range battery with included off-board charger.

COLORS:   

### FOLDING MOBILITY SCOOTER

BY VIVE

MOB1030SLB

- Resting on four, flat-free tires, the foldable mobility scooter safely travels over smooth surfaces including inclines of nine degrees or less.
- Providing greater safety and control, the foldable scooter includes a speed adjustment knob allowing you to set the maximum scooter speed up to 3.7 mph.
- Lightweight, yet durable mobility scooter frame safely supports up to 220 pounds.

**ROLLATOR WALKER**

BY VIVE MOBILITY

MOB1010

- Confidently navigate most terrain and comfortable rest when needed while safely carrying daily essentials.
- Conveniently folds down for compact storage and transportation, easily fitting in the trunk of a car.
- Corrosion-resistant, the lightweight aluminum frame safely supports up to 300 pounds.

COLORS:     

**WHEELCHAIR ROLLATOR**

BY VIVE MOBILITY

MOB1018  
HCPCS: E0143

- Versatile hybrid rollator wheelchair allows individuals to walk, ride and rest safely on any terrain.
- Constructed with a durable, corrosion-resistant aluminum, the combination rollator transport chair safely supports up to 300 pounds.
- Safely maneuver inclines with the ergonomic bicycle-style hand brakes and securely lock the wheels in place when seated for added stability.

**3 WHEEL ROLLATOR**

BY VIVE MOBILITY

MOB1026  
HCPCS: E0143

- Three-wheel design allows you to easily navigate in crowded venues and through narrow spaces with stabilizing support.
- Push pins allow the handle height to be easily customized for a comfortable fit for any individual.
- Corrosion-resistant, the lightweight aluminum frame safely supports up to 250 pounds.

COLORS:  

**UPRIGHT ROLLATOR WALKER**

BY VIVE MOBILITY

MOB1033

- Aiding in mobility, the upright walker eliminates tension in the shoulders and neck and allows users to look forward.
- Easily folding, the lightweight walker easily fits in the trunk of a car and in compact storage areas.
- Features a lightly padded seat with a backrest for comfortable, on-the-go seating.

COLORS: 

### WALKER BAG

BYVIVE

LVA1026

- Large zippered water-resistant compartment.
- Three mesh exterior pockets.
- Use with any walker style.
- Reinforced adjustable loop straps.
- Machine washable.

COLORS: 

### WALKER SKI GLIDES

BY VIVE MOBILITY

MOB1021

HCPCS: E0138

- Lightweight transport wheelchair.
- Compact folding design.
- Wide 17" seating area.
- Safely supports up to 300 pounds.
- Adjustable footrests.

COLORS:  

### HEEL PILLOWS

BY VIVE

LVA2029GRY

- Perfect for those with limited mobility and bedfast individuals to reduce pressure and friction on the foot, heel, and ankle.
- Cushioning heel pillows are fully padded with a soft polyester fiber for optimal comfort.
- Open design with adjustable straps accommodates any foot size.

### FOLDING WALKER

BY VIVE MOBILITY

MOB1005

- Maximum stability while walking.
- Lightweight design folds quickly and easily.
- Adjustable height.
- Supports up to 250lbs providing security and peace of mind.
- Attachable walker bag and two five-inch rubber sport wheels include.

### MASSAGE LIFT CHAIR

BY VIVE

LVA2017

- Great for those who have knee, hip and back issues, the lift chair moves upward while slightly tilting forward to make it easier to exit the recliner.
- Providing a smooth motion, the lift chair features a powerful motor to quietly lift and recline the chair.
- Well-padded, the soft lift chair is upholstered with a neutral, dark brown material that is easy to clean.

### LARGE MASSAGE LIFT CHAIR

BY VIVE

LVA2017LG

- A power recline feature allows the chair to recline in any position to promote optimal rest and relaxation.
- Equipped with a powerful motor, the large lift chair smoothly and quietly lifts and reclines the chair.
- The power lift chair features five massage modes in three areas for targeted relief.
- Comfortably padded, the large lift chair features a wide 28" seating area and is upholstered with an easy-care, dark brown fabric.

**KNEE WALKER PAD**

BY VIVE

CSH1006

- Soft faux sheepskin cushion.
- Effectively reduces pain, pressure, and irritation.
- Easily secures to most knee walkers.
- Reduces wear and tear on walker platform.
- Machine washable.

COLORS:

**MEMORY FOAM KNEE WALKER PAD**

BY VIVE MOBILITY

CSH1019

- Memory foam support.
- Distributes pressure evenly.
- Retains shape for all day support.
- Secured non-slip cover.
- Fits most knee walkers.

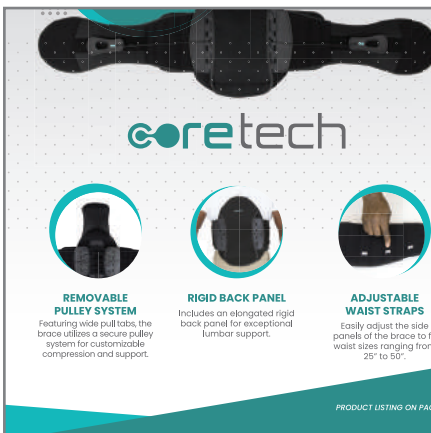

**KNEE WALKER**

BY VIVE MOBILITY

MOB1007

- Accelerate your recovery from surgery, breaks or sprains.
- Matte-black steel frame supports 300 lbs.
- Easily adjustable to suit most heights.
- Foldable frame for portability and storage.

COLORS:

**ALL TERRAIN KNEE WALKER**

BY VIVE

MOB1019

- Great crutch alternative.
- Height adjustable handles and knee platform.
- 12" all-terrain wheels for indoor/outdoor use.
- Foldable frame supports up to 300 pounds.
- Rear dual brakes for greater stability and control.

COLORS:

**SHEEPSKIN WALKER GRIP PADS**

BY VIVE

MOB1035

- Exceptionally soft, the faux sheepskin fabric cushions the hands to minimize soreness, irritation, and fatigue.
- Sized to fit most walker handles, the grip covers feature strong fastener straps for easy, secure installation.

*The Durable and compact Vive Mobility Knee Walker is easily maneuvered and can be used indoors or outdoors with confidence.*

- Contoured, ergonomic hand grip.

COLORS:

**LED FOLDING CANE**

BY VIVE

MOB1017

- Repositionable LED light for safe navigation.
- Self-standing quad base pivots for exceptional stability on any surface.
- Adaptable height up to 38" locks securely in place.
- Ergonomically grip fits comfortably to hand.
- Foldable design for easy travel.

**CARBON FIBER QUAD CANE**

BY VIVE

MOB1023

- Exceptionally lightweight carbon fiber design.
- Self-standing four-prong base.
- For left or right-hand use.
- Tool-free height adjustments up to 36".
- Contoured handle with wrist strap.

**QUAD CANE REPLACEMENT TIP 4-PACK**

BY VIVE

MOB1031

- Designed to easily replace standard 1/2" quad cane tips.
- Set includes four quad cane tips.
- Made with a strong, rubber composite material for long-term use.
- Shock-absorbing, nonslip base provides greater traction on every surface.

**FOLDING CANE**

BY VIVE

MOB1001

- Stability and support for better mobility.
- Easily folds and stores for travel.
- Adaptable height up to 37".
- Contoured hand Grip.
- Non-slip Rubber Tip.

COLORS:

**OFFSET CANE**

BY VIVE

MOB1002

- Versatile design provides support on either left or right side.
- Rubber tip provides traction across multiple surfaces.
- Adjustable height for proper fitting.
- Contouring grip with secure wrist strap.

COLORS:

**PROFLEX STRAP**

BY VIVE

LVA2032

- Versatile design is perfect for stretching, improving mobility and repositioning weak or injured legs.
- Great for physical therapy, the Proflex strap can be used to regain mobility and flexibility following surgery or injury.
- Includes an internal aluminum rod for greater stability.

**MULTI-GRIP LEG LIFTER**

BY VIVE

LVA2034

- Large, semi-rigid foot loop accommodates any size of shoe, cast, or bandaged foot for easy repositioning.
- Three hand loops allow you to easily maneuver a weak or injured leg from any angle.
- Sturdy nylon webbing is reinforced with a flexible aluminum rod for rigidity and easy lifting.

**LEG LIFT ASSIST**

BY VIVE

RHB1010

- Assist to move weak or injured leg.
- Convenient for car, bed, or wheelchair.
- Large enough to fit casts.
- Durable nylon strap.
- Comfortable grip.

**STANDING CANE TIP**

BY VIVE

MOB1013

- Self-standing replacement tip.
- Fits any standard 3/4 " cane.
- Quad contact for greater stability and balance.
- Nonslip base for better traction on any surface.
- Durable compact design for easy maneuverability.

COLORS:

**ICE CANE TIP**

BY VIVE

MOB1016

- Reduces risk of slips and falls.
- Added stability for snow, ice, gravel or sand.
- Multi-prong steel tips.
- Easy folds for safe indoor use.
- Fits any cane, walker or crutch.

**STANDING CANE TIP**

BY VIVE

MOB1036

- Quad replacement tip allows the cane to remain upright for easy retrieval.
- Durable construction, the cane tip is lightweight and flexible to reduce hand and wrist fatigue.
- Provides traction and stability on any surface including loose or uneven terrain.

**38.5" X 77" TRANSFER BLANKET**

BY VIVE

MOB1022WHTL

- Minimizing the risk of injury to patients or caregivers, the transfer blanket assists in repositioning or transferring individuals safely.
- Featuring strong, reinforced stitching, the transfer blanket is made with a durable nylon material that safely supports up to 600 pounds.

**TRANSFER BELT**

BY VIVE

## PRECISION

Connect your Vive Precision device to track, monitor and share your health readings.

When connected to the Vive Precision app, measurements and readings from your Vive Precision devices can be seamlessly transferred and stored. The simple reminder system allows you to create custom reminders and notifications for taking measurements. Easy-to-read graphs are automatically updated with each reading that is entered into the app. Your health data can then be sent to a loved one or physician with the push of a button. The Vive Precision app offers unlimited storage so there is never a worry about the number of measurements you can store.

Download the Vive Precision app now in the Apple or Google Play store to get started!

# HEALTH DEVICES

## TAKE CONTROL OF YOUR HEALTH

Understanding your vitals is the foundation of understanding your health. Trusted devices by Vive Precision are created with clinical accuracy to provide a gateway to your body. Simple and intuitive enough to use from home yet powerful enough for a clinical setting, the Vive Health Devices collection gets you the data you need.

An important piece of taking your measurements is storing and interpreting them over the long term. The Vive Precision app was created to connect your smartphone with our compatible devices. The app keeps track of all your readings in one convenient location and allows for an email export to easily send to a healthcare provider or loved one. Staying on top of your health has never been this easy.

# vivesole®

Biometrically designed for proper alignment, the Plantar Series orthotics are the ultimate OTC solution for plantar fasciitis relief. The orthotic is composed of a lightweight EVA which contains a deep heel cup to ensure your foot aligns properly on the raised arch. The arch is positioned for greater stability and built to support proper positioning and height. Both the heel and the forefoot have a high-density cushion. The cushions are strategically located where the foot take the most impact and helps to absorb shock from every step. If you are seeking an affordable alternative to custom orthotics the Plantar Series and Plantar Plus orthotics by ViveSole are a trusted & proven favorite.

# BATHROOM SAFETY

## KEEP HOME SAFE

You might be surprised to hear that statistically speaking your bathroom is the most dangerous room in the house. The Vive Health Bathroom Safety collection is designed to give you the proper protection to minimize the risks of slips, trips and falls in the bathroom.

The Shower Chair by Vive is a welcomed addition to any shower or tub. Allowing the user to sit comfortably while taking a shower, eliminating the potential for a slip. If you connect the Vive Shower Head you will have an extended reach shower head to comfortably wash while you're seated in the chair. Don't wait to enjoy the convenience of a safer shower.

**TOILET SAFETY RAIL**

# ORIGINAL FORMULA DR. PAT'S *GREEN ICE*

## CBD INFUSED FORMULA

Experience our trusted & proven Dr. Pat's menthol cream infused with pure, American-Made CBD. Dr. Pat's fans requested a CBD blend so we found all-natural farmers to produce our THC-free oil. Enjoy each hand-crafted batch, made to ensure you get the highest quality formula.

## INSTANT RELIEF

A rapid cooling effect kicks in right after applying the cream, as it goes to work soothing your aches and pains. The topical gel has a focused effect allowing the CBD to work your targeted area. Green Ice is a grease-free formula with an easy pump applicator which will earn its position as your go-to solution for pain relief.

# PERSONAL CARE

## SOMETHING SPECIAL FOR YOU

Selfcare is too often overlooked. Simple conveniences like a longer loofah to get that hard to reach spot on your back are the components of a better life. The Personal Care collection at Vive Health covers essential grooming, hygiene and beauty needs to make sure you are well taken care of.

The Aloe Vera Gel by Ljomi is made in Florida from all natural aloe plants. Designed as a pure, minimal ingredient formula the Aloe it is a welcomed companion to any beachy vacation. Use it as a moisturizer if you are not planning an excursion.
